Kissing you and hugging you tight
And makin love on sight (we fuck wherever)
When we together is the best I ever done
But when the love gets to deep
I run
But I love you though
Cause you on my mind everytime I fuck another hoe
That's how I really know
Late night countin paper with me (I remember)
Bubble bath, u used to cater to me
Don't wanna lose you to the streets
That's why everytime we beef

You don't want to be my friend here

Sometimes I want to let you both go
But they get me in the bed
And they take me on that rodeo
Why u can't let her go
Cause I love her
