Lil Boosie

I'm a send dis mothafucka here, to tha mothafuckin' crackers...  
Rot in hell mothafucka, plottin' on my diamonds...

Dey killed Venelle when I was 12, turned me against em  
Sent me to my first funeral now I'm a victim (of tha law)  
My daddy called em pigs, I'll neva forget  
He went to jail on Highland road, for tryna piss  
Kicked my auntie Trina door, lookin' fo my cousin  
Looked at me 'cross tha street and said boy you ugly  
Made 11 dat was my first run in with dem busters  
When stupid roughed me up cause I told em mothafucka  
Got old it got worser, my hustle got deadly  
Runnin' and duckin' from dat dirty bitch Don Kelly  
All from school you can catch me with my tool  
Smashin' in my Magnum from tha red white and blue  
Dey ask me for money, try to bribe me and all  
Dey let tha dogs eat me up, up out my fuckin' nuts  
Don't give a fuck nigga freedom or jail  
I want all you bitches to rot in hell
