

# Drinking Over You

Lil Eddie

Single, down in the city  
I'm with my people, everybody know money  
Letting them mingle with some pretty  
Two mamas, hope they keep coming my way

Don't know what I'm looking for  
Baby, baby, get your name to one of them poles  
Tell me what's a man to do  
I hate to say it but the truth is that I'm missing you

Last call of the night  
For it's time to say goodbye  
I'm so lonely I could die  
You should know you got me out of my mind

I'm drinking over you  
Let it go, let it go, let it go  
I'm drinking over you  
Let it go, let it go, let it go  
I'm drinking over you  
No you, don't know who you are  
I'm tipsy taking, taking this far  
Wishing I could just live without my heart  
You don't know who you are  
You got me drinking over you

Wednesday, I'm so screwed face  
Throwing shots back like every day is Friday  
Oh, I can't help it, you got me thirsty  
I think I might just have to go check in to AA

Don't know what I'm looking for  
Baby, baby, get your name to one of them poles  
Tell me what's a man to do  
I hate to say it but the truth is that I'm missing you

Last call of the night  
For it's time to say goodbye  
I'm so lonely I could die  
You should know you got me out of my mind

I'm drinking over you  
Let it go, let it go, let it go  
I'm drinking over you  
Let it go, let it go, let it go  
I'm drinking over you  
No you, don't know who you are  
I'm tipsy taking, taking this far  
Wishing I could just live without my heart  
You don't know who you are  
You got me drinking over you

Got me drinking over you

Last call of the night  
For it's time to say goodbye  
I'm so lonely I could die

You should know you got me out of my mind

I'm drinking over you

Let it go, let it go, let it go

I'm drinking over you

Let it go, let it go, let it go

I'm drinking over you

No you, don't know who you are

I'm tipsy taking, taking this far

Wishing I could just live without my heart

You don't know who you are

You got me drinking over you
