

Miracles

Lil Eddie

Everytime... wide open
Everytime

Down and out in the dirt
I've been hoping to be heard
Screaming tight on my lungs
They turn their head no one's concerned
I know you see me, can't you see me?
Or am I just invincible
Out of sight you'll keep me I don't mind.

I used to drive around the circle
Tryina find the answers going nowhere
Drive around the circles destination seems to been going nowhere
Driving around the circle, does anybody care?
Just when I think it's bout to get worse
There's gotta be an angel on this earth cause.

Everytime one door closed another one opened,
And everytime it rained like hell somehow I swam
And every single no just brought me closer to a yes
I believe in miracles, I believe in miracles everyday

Rhythm or rhyme
Everything happens in time
So I waited in line
But now it's green lights
No stop signs
I'ma make 'em hear me
Make 'em feel me
Till then I wont stop trying
Taking what's mine
Nobody taking what's mine

I used to drive around the circle
Tryina find the answers going nowhere
Drive around the circles destination seems to been going nowhere
Driving around the circle, does anybody care?
Just when I think it's bout to get worse
There's gotta be an angel on this earth cause.

Everytime one door closed another one opened,
And everytime it rained like hell somehow I swam
And every single no just brought me closer to a yes
I believe in miracles, I believe in miracles everyday

'Til my heart's last beat
'Til the world hears me
'Til's the angels start singing Yeah
I'll forever chase my dreams
'Til I'm on my knees
I'ma drag my feet

Everytime one door closed another one opened,
And everytime it rained like hell somehow I swam
And every single no just brought me closer to a yes
I believe in miracles, I believe in miracles everyday

I believe in, I believe in
I believe in, I believe in
I believe in, I believe in
I believe in, I believe in
I believe in, I believe in
I believe in, I believe in
I believe in, I believe in

Miracles, miracles Everyday
