

Ready Or Not

Lil Eddie

Oh, oh, oh yeah

Now that I got you by yourself
Imma take all feelings off the shelf
Got some things that I wanna share with you
How would you feel if I told you that
My heart's burning for you like a stroking match
Make my move

I wanna give you my heart now
Don't hold that just take it
And if you give me your heart
I promise I won't break it
Gave you my world
Just let me inside yours
Been giving this all that I got

Ready or not it's now or never
Love doesn't wait on your doorstep forever
So ready or not
I'm tired of waiting
I gotta make you mine before I lose my spot
Ready or not
Oh, yeah, ready or not
Oh, yeah, baby

Known each other for quite some time
It's only right that we cross the line
Like praying I wanna live my love oh
Let me know anything you need
Cause I'm a supplier of'
Just show my baby it's you I adorn

I wanna give you my heart now
Don't hold that just take it
And if you give me your heart
I promise I won't break it
Gave you my world
Just let me inside yours
Been giving this all that I got

Ready or not it's now or never
Love doesn't wait on your doorstep forever
So ready or not
I'm tired of waiting
I gotta make you mine before I lose my spot
Ready or not
Oh, yeah, ready or not
Oh, yeah, baby

All cards are on the table
Say that you're in it
So let this for me and you
You've taking over all my thoughts
I wanna make this friendship more
Make this dream come true
Baby, baby, make this dream come true

Make this dream come true

Ready or not it's now or never
Love doesn't wait on your doorstep forever
So ready or not
I'm tired of waiting
I gotta make you mine before I lose my spot
Ready or not
Oh, yeah, ready or not
Oh, yeah, baby
Ready, ready or not
Re-re-ready or not oh
Ready or not
