

Save Me From Myself

Lil Eddie

(Verse)

I don't wanna see the sunlight with my eyes
It's there so shut your blinds and stay inside
Can't get up on my bed, it's raining on my head
I'm losing sleep like every night night night

(Pre-Chorus)

I've been screaming your name all day
And I'm missing your face all day
Can't get over your love
What will it take?

(Chorus)

I'm too scared to give my heart to someone else
Wanna believe this time I'm backing out
Time up but lunch, now can you hear me yell?
I need, I need someone to save me from myself
Save me from myself
Time up but lunch, now can you hear me yell?
I need, I need someone to save me from myself

(Verse)

I don't wanna make the same mistakes twice
Give every piece of me and lose my life
I can't afford the cost, don't wanna take the loss
'Cause if it happened again I won't survive

(Pre-Chorus)

I've been screaming your name all day
And I'm missing your face all day
Can't get over your love
What will it take?

(Chorus)

I'm too scared to give my heart to someone else
Wanna believe this time I'm backing out
Time up but lunch, now can you hear me yell?
I need, I need someone to save me from myself
Save me from myself
Time up but lunch, now can you hear me yell?
I need, I need someone to save me from myself
Save me from myself

Will anybody save me?
Will anybody save me?

(Verse)

I don't wanna see the sunlight with my eyes
It's there so shut your blinds and stay inside
Can't get up on my bed, it's raining on my head
I'm losing sleep like every night night night

(Chorus)

I'm too scared to give my heart to someone else
Wanna believe this time I'm backing out
Time up but lunch, now can you hear me yell?
I need, I need someone to save me from myself
