

Wanna Be Yours

Lil Eddie

Still smiling from yesterday
I just woke up and the first thought on my brain
Is you and now I can't wait to see your lovely face
I would do whatever it takes to look into your eyes again
If only you knew

Days keep on turning into nights, wish I
Could go on and say it
Cause it's burning deep inside to know
I wanna be yours baby
See nothing could get better than if we were together
I just can't take this
I wanna be, wanna be yours

So close but so far away
I won't be satisfied till I have my cake
And eat it too with love
With you I'll share the taste
Not a single crumb I'll waste
It's getting harder to contain these feelings of you
I'm thinking, you sweep me off the ground into a whirl wind
When you come around me something in me changes
I can't explain it baby, you'll be famous
If only you knew

Days keep on turning into nights, wish I
Could go on and say it
Cause it's burning deep inside to know
I wanna be yours baby
See nothing could get better than if we were together
I just can't take this
I wanna be, wanna be yours

I'm falling so in love
Friendship is not enough
It's hard to bare
Cause when you care the way that I do
You gotta be the one who claims your name around
Talks about you all over town
If I could just be your girl
If only you knew
If only you knew (yeah)
If only you knew

Days keep on turning into nights, wish I
Could go on and say it
Cause it's burning deep inside to know
I wanna be yours baby
See nothing could get better than if we were together
I just can't take this
I wanna be, wanna be yours
