

## Addicted (Mary Jane)

Lil' Flip

Yeah, I wrote this song for Mary Jane  
It's only one bitch I trick my dough fo'  
haha, a lotta y'all niggas spendin y'all money foolishly man  
Invest in that Purple Haze, that Train Wreck  
That Capiss, know I'm sayin  
It'll have you right, oh boy

I be smokin on that Mary Jane  
Do you be smokin on that Mary Jane? (I wanna know)  
See I'm addicted to that Mary Jane  
Are you addicted to that Mary Jane? (I need mo')

Ay, the first time you let me hit I really wasn't with it  
Now look, I need yo' ass every minute  
I wake up early, fiendin for a big blunt  
Plus tonight, I got a show in Romant  
I know you heard about the Dirty, we so crunk  
Gimme a swisher fill it up, with Super Skunk  
That Hash Flynt got me swervin when I drive  
Even when my money low I find a way to get high  
If you a bud smoker, come blaze with me  
Have a cup of lean, now you feelin dizzy  
You know I gets busy, chiefin back-to-back  
About to cough up a lung nigga hit that

Ay, go get a highlife, this weed messin up my eyesight  
At night time I can't drive right  
You wanna feel what my vibe like  
Then put 28 grams, in my pipe, I bet it get you right  
And fuck what you heard, weed is the best thrill  
So lil' mama you can keep them (X pills)  
Cali got the best kill  
But Amsterdam got everything all year, huh  
And you can smoke on the streets, watch my DVD  
I'm in love with W, E-E-D  
Please pass the blunt, don't hold the blunt  
Cause if the laws come, you gon be the first to run, bitch

Ay, ay, this last verse gon be short as fuck (why?)  
Cause Verse 1 I had a ounce (but I smoked it up)  
Got game from the OG's (and I soaked it up)  
In three years, three albums (I'm platinum plus)  
Now I'm coppin Blueberry like it ain't no thang  
(But not on Tuesdays and Thursdays) cause the people swang  
(And why you chokin my nigga?) you can't handle it  
(Well take this, gimme that) smoke a cancer stick, trick

Yeah, if you in yo' whip rollin, even if you ain't a baller  
Even if you gotta roll up one of them small ass little-bitty cigarillos  
Do what you do man  
Over here we ball outta control man, fo' real man  
We take two blunts and put them sideways to make them fat  
Then we take another one and put it the other way to make it long nigga
