I guarantee you fuckers this'll be my best year
canary stones got me lookin like a night light
I ain't racist when it comes to diamonds cause I like white
my bezzel lookin like it ain't even paid for
but that's a lie bitch I got real paper
I'm from the ghetto, the gudda where the feds hang
I'm with ya wife fuckin up ya bed frame

the shell catchers, gloves, and them teflons
cause when it's war anything goes
I'm a stand up nigga, nah I ain't a hoe
