I'm just sittin' back vibin' to some Al Green now
10, 11, 12 years in the game and I came from the Seenile
Got a gang of loved ones in the penile
Fighting for lives everyday but meanwhile
I see my life is sort of like theres
Cause other than moms and Boo-Boo nobody else cares
I know you think I'm tweekin'
But the only time I get to see my kids is on the visiting weekend
I ain't in no chains
But sometimes I get tested by the places I hang
And my game just banged on these niggas from the other side
Now I got reprecussions
Suckas is bustin'
Talk is cheap
And for some apparent reason the streets keep watchin' me
Well watch me
And watch ya back
Pop pop I got ya that
Ratta Tat
Nigga I stay strapped

These niggas wanna see me dead
Instead
I'm gettin' this bread
I'm not blue or red
But I'll put two to your head
They said I wouldn't make it to see 21 but I did
The last homie that got killed I closed his eyelid
Fuck friends cause in the end niggas turn they back
Just cause I smoked a blunt with ya don't mean we cool like that
And your hood ain't no harder than mine
I put in more work than you on your own block I know that you lyin'
I got one hand on the wheel other hand on my nine
Bitch come down here to Ca\$hville I ain't hard to find
My section is protected by Smith And Westons and Rugers
A bunch of bulletproof vestes and some cold-hearted shooters
