

# Sun Don't Shine

Lil' Flip

I thank god everyday  
For paving the way  
Cause he made me what I am 2day  
A young entrepreneur with amazing talent  
In order 2 b the best you must take the challenge  
I'm trying 2 b number 1 cause number 2 don't matter  
People trying 2 pull you down when you climb the ladder  
Hate 2 c u up but they love it when you down  
That's why I'm always quiet when I come around  
cause talk is cheap that's why I rap  
I'm getting NBA money with no salary cap  
Mama it feels good to put money in your mailbox  
This for my niggas locked up in the cell blocks

Cause the sun don't shine  
That's why I spit these rhymes  
To ease my mind  
For real I got to get away

In life you go through drama and pain  
And when someone close dies it'll give you a migraine  
And a whole lot of stress, a whole lot of tears  
The days turn into nights, the nights turn into years  
I'm not happy here, I'm on another atmosphere  
I got to get away just to get my mind clear  
That's why I smoke so much it relieves my stress  
Just imagine everyday I got to wear my vest  
I got to watch my back  
Cause niggas hiding the jack  
When you see these moving you like fuck you feel that  
To all my niggas in jail you better keep your head up  
To my niggas in the hood you better keep your bread up

Cause the sun don't shine  
That's why I spit these rhymes  
To ease my mind  
For real I got to get away

If I died today I have lived my life  
And if I could do it again Id do it twice  
No more moving white or shooting dice  
Or creeping late night trying to screw your wife  
Cause I'm a changed man with the heart of a lion  
Even if I was a midget id be fighting a giant  
Ill never give up I'm from the home of the braves  
I'm still ballin like pac from the cradle to the grave

Cause the sun don't shine  
That's why I spit these rhymes  
To ease my mind  
For real I got to get away
