All our people that be hustling, and trying to make a knot

We gon get em ready to rock, behind tint
With a strawberry filly, in the Expo getting bent
Got a eight, of that Oh-No
Tell Ro to bring some Sprite, tell Ke to bring a ounce of that do-do
Fa sho keep it real, represent your town
Your cities your states your sets, hoods where you clown
Gangstas get your thug on, pimps get your hoes on
Or riding big 20's, like a school zone
I'm Thug Dirt, and I'm repping Heavy Ro'
Heavy dump trucks and throwed cars, a marble flo'
On the Southside of Houston, you can find me off of Scott
Delivered with heat, that keep the whole hood hot

You niggas listening too slow, cause I ain't gon lie I go off
And I go so hard I see my depth, before I ever go soft
I'm like a walking talking X pill, I rise boys up
But if boys cross me I kidnap boys, and I tie boys up
I'm about my P-A-P-E-R, pulling them C-A-P-E-R's
Still running off in them houses, coming out with TV VCR

Gotta go get it and come back with it, if I can't get it where I'm at
Ery'body everywhere be doing that there, just to keep they pockets fat
In break-yourself Texas, rappers run and receive they do'
Cause niggas with short arms and deep pockets, be CEO
Yeah that's a slug and if you catch it, then you hearing Ro verse
Fuck around and duck when you should of jumped, then you can be in your hear
