

# All Good

Lil' Kim

Every word I utter, I feel strictly gutter  
That's why I touch more green than Tiger's putter  
So you mad motherfuckers mutter what you wanna  
I ain't worried 'bout none of ya and I'll say it in front of ya  
I hear the snakes hiss, talking reckless  
Thought I'd let it go and I wouldn't stress it  
Haters in the street, y'all worse than the press is  
And they all wanna hang like the charm on my necklace  
I guess things just ain't the same for gangsters  
How a snitch nigga make a record called "Wankstas"  
Everything these haters do just to degrade ya  
Only made me strong, I say thanks for the favor  
Now the D.A., wanna give me time in the feds  
I'm from Brooklyn, I could do that time on my head  
Come down with my weave straight sitting on bread  
At the gate, getting picked up in a new Coupe Phantom

"It's all good" - If you driving or riding the bus  
"It's all good" - In the struggle and the times is tough  
"It's all good" - It don't matter you can ride with us  
"It's all good" - It's all good  
"It's all good" - If you hustling and hugging the block  
"It's all good" - Working 9 to 5, punching the clock  
"It's all good" - It don't matter how you get that guap  
"It's all good" - It's all good

See I know how it feel to wake up fucked up  
Pockets broke as hell, my nigga need bail  
It's been a couple weeks and he been sitting in a cell  
The only way to reach him through phone calls and mail  
Balloons stuffed with lah up in the chocha  
Now my man in the can getting money and getting high  
He used to keep my fly he had the 6 I had the 5  
So you know a chick gon' ride or die for her guy  
At age 14 I was putting in work  
At age 16 I was moving that work  
Getting paid for driving state to state  
Smuggling weight, praying I don't bump into Jake  
I traveled through a few places with the burners  
in the suitcases, thank God for Big  
Damn right I love the life I live  
Cause I went from negative to positive and it's all

"It's all good" - Niggaz run around stunting and fronting  
"It's all good" - Talkin shit but ain't saying nuttin  
"It's all good" - It's aight cause they time is coming  
"It's all good" - It's all good  
"It's all good" - They hating on me but they copy my style  
"It's all good" - Cracked a smile when they saw me on trial  
"It's all good" - You know you can't keep a good bitch down  
"It's all good" - It's all good

Cowards huff and puff but won't blow shit down  
I come through like two airplanes in midtown  
Nigga my get back's the get down  
Hit the big nigga first and make the rest sit down  
They all talk loud, when they see you they quiet down

Faggots violated I wish they'd try now  
Just watch how they bitch up, story start to switch up  
Punks getting left off right where I pick up  
Picture in Vogue, Spring/Summer issue  
Shoot game official like a ref with a whistle  
You know when I do it I'm doing it monumental  
Leave you speechless kinda like an instrumental  
They ask me if I know what true happiness is  
Do I ever feel regret for all the things I did?  
Hell no I love the life I live  
Cause I went from negative to positive and it's all

"It's all good" - Niggaz run around stunting and fronting  
"It's all good" - Talkin shit but ain't saying nuttin
