

## W.P.I.M.P. Skit

Lil' Kim

Good evening ladies and gentlemen  
I am here live  
Welcome to W.P.I.M.P

See, y'all don't know what it take  
I'm talking about  
It's hard enough to get in the industry  
How the fuck do you get in the industry, and then stay there

Every time you come out, you got some more hot shit  
Doing some more shit that bitches round the country go  
That's what the fuck I meant to do  
That's, living legendship

You just livin', [?]  
But if you don't watch your mouth  
Somebody might take care of that apart too
