Connected to every heavy nigga across the U.S
My cocaine is the whitest and my diamonds are the bluest
My city is the trillest and my niggaz are the truest
Got everything to gain and nothing to lose, so let's do this
We load 'em up, cock 'em back, let 'em go we knock 'em off
Cut off all his cake, rocks, and eggs, this nigga block 'em off

Big cars, big trucks, big nuts when it comin' up off the dust
Think it's funny 'til he comin' up out the club
Gonna getcha money when I'm comin' up out the cut

If I catch a nigga slippin', I'ma tell a nigga know that shit
Then I snatch that chain
When he leave his friends, I'ma get him out his ends
And his Benz, make him cash that train
Come out the dark and get the lights on
Turn together, get it up
Take his watch, take his bracelet, take his dust, take his truck
I can't help it to get itchy if I see the nigga ballin'
Nigga yes ya'll then I gotta get a piece of that
Steady figure with the Jacob in the bezel with charm
Well come over hear I got a little heat for that
AK-47 and the Desert Eagle with a sawed-off pump
Got a what, an E-95 with leather grip
And a Mac-11 comin' out the trunk
Got what, a black ski mask and leather gloves
And duct tape I can get what I want
Got what, when the Queen and the Twist ride on them bitches

Hit that nigga up, we don't give a fuck
Jack that nigga truck, we don't give a fuck
