

## 5 Minutes

Lil' Mo

Yes  
You have just entered  
The year 2000  
And they've just arrived  
Ready to take us outer space  
To another planet  
Where there's only one club  
And one disco, ooh  
And they wanna show us how  
Heh heh, they boogie, uhh

Got a strange call from a girl  
In the midst of the night, uh huh  
She said you better call your man  
Cause he sleepin' right here tonight  
So i put on my coat  
And my hat and then put on my shoes, yeah yeah  
I said bitch don't you move  
Cause i'll be seeing you soon  
It only took me

In five minutes, i was knockin' at the door  
In two minutes, i had her on the floor  
In one minute, i was fightin' wit' my man  
Yes i did it, and i told his tail to scram

In five minutes, i was knockin' at the door  
In two minutes, i had her on the floor  
In one minute, i was fightin' wit' my man  
Yes i did it, and i told his tail to scram

Saw a few scratches on my car  
Just the other day, yeah yeah yeah  
Neighbor around my way  
Said she saw you drivin' away  
So i put two together  
And i found myself ready to go, whoa whoa  
Before she even knew it  
I was comin' down the road  
It only took me

In five minutes, i was knockin' at the door  
In two minutes, i had her on the floor  
In one minute, i was fightin' wit' my man  
Yes i did it, and i told his tail to scram

Be a hoe  
I'm kickin' you up out the door  
I hope you know  
Like coolio, you gotta go  
Don't even think  
I'm gonna let you hang around

Got your drawz down  
Lookin' stupid like a clown

Be a hoe  
I'm kickin' you up out the door  
I hope you know  
Like coolio, you gotta go  
Don't even think

To take us to outer space  
To their planet
