Ain't No Reason

Lil' Mo

Before you say im buggin', im tripppin'
Im whilin', im slippin'
Im different from the girl you thought you met
Baby, don't say this is it, cause sometimes we don't agree
That don't mean we call it quits cause it not that serious

Aint to hard for us to talk it out
Aint no problem we can work it out
Aint no reason for us fallin out
Cause I really love you
Aint to hard for us to talk it out
Aint no problem we can work it out
Aint no reason for us fallin out
Cause I really really love you

Boy you say you givin'
You bouncin' you out if I bounce and
You sick of it, baby don't give in to it
Cause I want you to understand love we have and argument
That don't mean all that troublin' and give up that easy

Aint to hard for us to talk it out
Aint no problem we can work it out
Aint no reason for us fallin out
Cause I really love you
Aint to hard for us to talk it out
Aint no problem we can work it out
Aint no reason for us fallin out
Cause I really really love you

Baby you know that we'll never share a love
But that don't mean that it hard to work

Aint to hard for us to talk it out
Aint no problem we can work it out
Aint no reason for us fallin out
Cause I really love you
Aint to hard for us to talk it out
Aint no problem we can work it out
Aint no reason for us fallin out
Cause I really really love you

Aint to hard for us to talk it out
Aint no problem we can work it out
Aint no reason for us fallin out
Cause I really love you
Aint to hard for us to talk it out
Aint no problem we can work it out
Aint no reason for us fallin out
Cause I really really love you
