

Jus Like That

Lil' Mo

You been here many times before
Thinkin should u stay or should u walk right out the door (but I'm afraid to leave)
How many times does it really take
For him to treat you bad and take his love away
Now he's tellin me he wants to leave
What is there to think

Girl let him leave
What is there to think about
Do u kno what this mean?
You can get your life back
You can get your joy back
You can turn your life around
Because he wasn't good for you
Just Like that (Just like that let him leave)
Just Like that (just let him go and move on)
Just Like that (cause you deserve better girl, you deserve better)

What should I do when he calls my phone (let the machine say that your not at home)
And what about those nights when I'm all alone (girl it won't be the first time, u can make it)
See I gave up everything I have, whoo-
whoooooooo, I was there when no one else was there for him
Now he telllin me he wants to leaveeeeeeeee, what should I do?

Girl let him leave
What is there to think about
Do u kno what this mean?
You can get your life back
You can get your joy back
You can turn your life around
Because he wasn't good for you
Just Like that (You can leave up out the door and)
Just Like that (You ain't gotta see him anymore and)
Just Like that (oooooh you derserve better, you, you, you, you, you deserve better)

It's time to let your hair down
And have you some fun
No more givin all of me to just any one
All a brother did was take you for granted and bring my soul down
You deserve better cause your all of that girl
You deserve more, more than you ever know
So hold your head up, it's your time to win, girl let him go

Girl let him leave (he ain't all that)
What is there to think about
Do u know what this means
You can get your life back
You can get your joy back
You can turn your life around (yea, yeaaaaa)

So it's Just Like that (I ain't gotta worry about you coming home late)
Just Like that (I ain't even gotta make your stupid plate)
Just Like That (I don't have to smell them stinky feet, all up on meeeeeeeee)

)

Girl let him leave (let him leave)

What is there to think about (ain't nothing left to think about)

Tell me what you got (I got my life back, I got my money back, I got my joy back)

I got it all back (I got my credit, my car, my house, my kids, everything even got my back my self-esteem)

I won't look back (I won't look back)

Don't, don't, don't look back

I won't look back (I won't look back)

Don't look back

Let him leave, ain't nothing left to think about
