Lil' Mo

Just 'cause this is the end  
Don't mean it gotta be over  
Shoot we friends now, partner

Ooh based on a true story  
You can say you really know me  
Hope you feel what I go through  
( 'Cause I'm just like you)

Home girls and relationships  
(All day)  
Cannot forget the kids  
(Every day)  
Beginning to the end I gave you my life, my heart, my story

My life, my heart, my story, my everything to all of you  
Is all of me, my story, my everything  
(All of me, everything, ooh)

My life, my heart, my story, my everything to all of you  
(My heart, my my story)  
(Everyone, everywhere)  
Is all of me, my story, my everything
