

# Speak Up

Lil' Mo

Speak up, speak up,  
How am I supposed to fix anything  
That you feel is going wrong  
You don't open up your mouth and sing a song  
Or do you find it easier to sit around here and ignore me  
Instead of talking to me, yeah  
If we got issues baby, please just say it  
Don't you leave  
Sitting on your heart, keeping us apart boy  
I'd rather have it out with you boy  
I'd rather... with you baby, let...happen  
How do I play my part, if you don't speak up

Speak up, speak up, speak up, speak up  
What you say?  
Speak up, speak up, speak up, speak up, aha  
Cause I'm through reading signs  
And I'm not trying to read your mind  
You will feel much better if you just speak up

How am I supposed to walk this journey  
If we have no direction and no communication  
How do we understand the ending,  
If we don't start from the beginning  
It won't make no sense

If we got issues baby, please just say it  
Don't you leave  
Sitting on your heart, keeping us apart boy  
I'd rather have it out with you boy  
I'd rather... with you baby, let...happen  
How do I play my part, if you don't speak up

Speak up, speak up, speak up, speak up  
What you say?  
Speak up, speak up, speak up, speak up, aha  
Cause I'm through reading signs  
And I'm not trying to read your mind  
You will feel much better if you just speak up

See, what you don't understand is  
I want the same thing that you're asking for  
But when I tell you how I feel it seems like you ignore  
Hey, they say that women are from Venus  
And man come from Mars  
So can we communicate hey before it gets too far  
If we got issues baby, please just say it  
Don't you even...  
When you know you're having trouble getting sleep at night  
I'd rather have it out with you boy  
I'd rather... with you baby, let...happen  
How do I play my part, if you don't speak up

Speak up, speak up, speak up, speak up  
What you say?  
Speak up, speak up, speak up, speak up, aha  
Cause I'm through reading signs

And I'm not trying to read your mind  
You will feel much better if you just speak up.
