The Real Nigga Rules

Lil' O

[talking]
See this right here is for boys that really want
Something out of life, you know I'm saying
Boys that' s really trying to get something and
Get somewhere, you feel me
You gotta ask yourself, why am I not having paper
Why am I not rich and, am I living by the rules
Am I applying myself, why does Lil' O keep winning
Because I work harder than you

[Lil' O]
See when it's time to go to work, dog I'm punching the clock
And go to work with the work, know I'm talking about
You can find me on I-10, nigga running my route
On the way to the booth, cause I fronted some out
I'm from the land of the lost, where we handle the South
Don't play god damn it the walk, dismantle your vault
Cause playing in this game, will have you land in a cross
But I'm a Jes', let me hand you the torch, let me show you
How to flip that brick, cook that soft flip that whip
It ain't that hard, just stick to the script
Don't be a sucka, just stick to the licks stay on note
And stay focused, soon enough you'll be flipping a six
Let me maximize your game, to make your losses minimal
Cause the moves that I make, make me a five star general
Listen up, cause the message subliminal, wanna come up
In this game, pay attention cause these are the principles

[Hook]
1, peep game if you snooze you lose
2, stay on your grind nigga pay your dues
3, broke or rich which one you choose
If it's rich, peep the real nigga rules
4, stay or leave stop running your mouth
5, everybody can't come to the house
6, never make a trash bitch your spouse
That set you up, know I'm talking about
Peep the real nigga rules

[Lil' O]
I'll show you how to break bread, and shake FED's
Ball till you fall, live it up eat good and stay fed
But first thing, the block must stay bled
But if you get caught with a rock or a block, don't say shit
Cause snitching ain't tolerated, you'd be surprised
How many boys you thought was real, done cooperated
But it's iight, when you hear he got shot
Don't cry or shed a tear, man he got what he got
You gotta keep niggaz out of your spot, out of your mix
Out of all your traps, how you getting your chips
Because friends is killing friends, it's ridiculous
But this is blood money baby, it's the business bitch
You out of time your partna all in your house, all in your stash
Your gal to you a slut, he be fucking her ass
She call your phone yelling crying, talking that trash
Saying some niggaz just kicked in your do', and took all of your cash

[Hook]

[Lil' O]

It's not like I seen my partna do it, then I went and wrote this shit
And motherfucker, you can quote that shit, what you know
About counting forty thou', watch me smoke the shit
But don't get mad you can do it too, listen to the words
Of the real, let it hit your soul and influence you
Cause if you in the game, you might as well get your change
Don't be out here, hustling for a piece and chain
