I don't usually tear this competition
But when I hear some bad ass shit I've got to represent myself better
Cause I can't let a silly sucka think he could rap betta than me
So I get up firme style that you gotta rewind
Chicano sounds are the downest you will find
When it comes to a rolla Brown Crowd controla
How do you know because Lil' Rob told ya
Comin' straight from the man with the wicked mind
All the time comin out with sick and twisted rhymes
But at the same time I got the hyna's meltin
With the crazy love, slow rappin

I got the vatos mad because I got the hyna's shoutin I don't give a shit cause jealousy will neva quit It never seems to amaze All the tension I raise and for this I get paid Ask me if I care and I'll say no Ask me if I've changed I'm still the same kid from the barrio But there's one point that I have to make See if you ask somebody shit you gotta ask me Cause there's too many rumors going around About Lil' Rob and the crowd is Brown Hyna's sayin' I'm conceited but I don't need it I'm callin you a fuckin mensa if you want to believe it So it's like you got your own choice mija Without fans I wouldn't be nothin' so you know I need ya I started rappin' now people don't let me live Some people don't want me livin' Their threats is what I'm given I don't know why cause I think I'm a nice guy Sometimes mad most of the time on my natural high And if you know me you know that's how I am It's called the Brown Crowd the life of this Mexican
