

# If You Should Lose Me

Lil Rob

Orale  
What's up ese, Q-Vo  
It's me, Lil' Rob  
It's me ese  
So you thought I was gone huh?  
Chale  
Trip

I gotta go 'cause I know that the jura is coming on after me  
Gotta keep it cool, I don't wanna give em a reason for blasting me  
Gotta get the hell out, before they block it up and take me  
And I'm in it to win it, let's begin, but God forgive me for my sins  
But when, I'm pulling my rhymes and having no time for anything ellos  
Just call me the wicked with style, 'cause I'm dropping these pleitos  
Hell, don't get me confused I'm not those vatos from Cleveland  
It's Lil' Rob gangster, simon the Diego Demon, screaming  
Fiending for mine knocking down your door with the beats that hump and thump  
Got the llesca y cerveza so that we can get fucked up  
Now I'm feeling real good, not just good I'm feeling tipsy and dizzy  
Some hynas come to my town and now they're asking "Who is he?"  
Referring to me so, don't need permiso  
"Can I get with you?" she said "Are you ready?" and I said "Estoy listo"  
Pass me the besto, then I want you to pass me my leco  
I'm in love with Mary Jane, living life no mas y no menos  
Man so, so don't even try to put me down 'cause what comes around goes around  
You see you try to put me down but I come up  
Won't get myself stuck if you hynas act stuck up  
'cause I get mine anyways, any days see when I do it I do it many ways  
Many ways, anyways, now I jump in the ride, hit side to side  
We slide and glide throwing up the Brown Pride  
So you can keep running and running but I bet you can't hide  
Because I'm on the prowl and now living life to the fullest  
The foolish, is Lil' Rob happy? It can't be  
And so they ask how I do this  
Never ever letting nobody get me down but my smiling faces and cry later  
Simon, I got shot in the face but I felt a pain that's much greater  
Please, please don't make me tell you what it was  
But I'll probably say when I'm buzzed  
Now listen to what I bring  
If you should lose me you'd lose a good thing

If you should lose me, oh yeah  
You'd lose a good thing  
If you should lose me, oh yeah  
You'd lose a good thing

Simon, I'm the vato bringing the oldies straight from the past past  
'cause I'm that vato that wants to make them last last  
So when I'm rolling through your town  
Lemme hear my self bumping, thumping, and humping  
Leaving you levas in shock as I pull the llesca from my sock  
They call me Crypt Keeper 'cause I'm selling reefer, I could be the Grim Reaper  
'cause if you want to mess around I could keep you in the forever sleeper  
So when I start coming, you better start running  
I'm the vato that's gunning

And letting levas fall to the ground and holmes I think it's funny  
When I'm rolling down the block I think to myself ese  
It takes nothing for me to slip and trip on  
Oh God I gotta get a grip on life  
Before I end up in a place where the veteranos told me not to go  
Thought of this as a damn place and Valley of Chino  
Gotta say what's up to my homeboy Dreamer  
Who's dreams just didn't really come true  
Even though you're torsido the whole neighborhood is thinking of you  
Road dogs for life, you were even there when mine was almost taken  
We're living our lives to the edges  
But come on and take a fool, can't let this  
Go on, roll on, lemme tell you how it all goes down ese  
When your living that crazy life a knife has gotta be a quette  
'cause nowadays you can't be caught slipping, I'm flipping  
I'm ripping it up 'cause now I'm trigger tripping  
And I don't care what they think about me and  
I don't care what they say  
I don't care what they think, if your bleeding  
I'm gonna leave you to lay  
Rest in pain, insane in the brain, esto no bueno  
Just pass me my leco, keeping it hot just like a jalapeco  
And what I say, a price to everything  
If you should lose me, you'd lose a good thing  
If you should lose me, you'd lose a good thing

If you should lose me, oh yeah  
You'd lose a good thing  
If you should lose me, oh yeah  
You'd lose a good thing  
You'd lose a good thing  
You'd lose a good thing  
You'd lose a good thing  
You'd lose a good thing  
You'd lose a good thing  
You'd lose a good thing  
You'd lose a good thing
