

# Make You Say

Lil Rob

Hey baby, we've got ("All day")  
And we can do this ("All day")  
I'll make you say ("All day")  
Oh baby ("All day")  
And we can do this ("All day")  
Hey baby, we've got ("All day")  
I'll make you say ("All day")  
Make you say

Hey baby, we've got ("All day")  
And we can do this ("All day")  
I'll make you say ("All day")  
Oh baby ("All day")  
And we can do this ("All day")  
Hey baby, we've got ("All day")  
I'll make you say ("All day")  
Make you say

We've  
Got all day  
We've got all night  
Got time to play  
And it's okay  
To take our time  
I love your frame, but I  
Love your mind  
I'm  
Glad you're mine  
Let's say a cheers, let's  
Toast some wine  
Now since we both can  
Press rewind  
Let's enjoy and take our time

Hey baby, we've got ("All day")  
And we can do this ("All day")  
I'll make you say ("All day")  
Oh baby ("All day")  
And we can do this ("All day")  
Hey baby, we've got ("All day")  
I'll make you say ("All day")  
Make you say

And we can take our time  
And we can do this right  
And do it how you like  
We got all day and night

There's no  
Need to rush  
I love your kiss, and I  
Love your touch  
And when I'm gone  
I miss you much  
And when I'm back, it's such a rush, ridiculous  
And when it  
Comes to us

You slow it down, keep it  
Gangsta up  
We got all day  
We got all night  
Let's take our time and do this right

Hey baby, we've got ("All day")  
And we can do this ("All day")  
I'll make you say ("All day")  
Oh baby ("All day")  
And we can do this ("All day")  
Hey baby, we've got ("All day")  
I'll make you say ("All day")  
Make you say

And we can take our time  
And we can do this right  
And do it how you like  
We got all day and night

Sit back, relax, take our time, and have a blast  
And wh-when we make an ass, no more time to pass  
Take our time and do this right, I-I'll make you feel alright  
Explode like dynamite, girl, we got all day and night

Day and night  
D-  
Day and night  
Day and night, day and night, day and night  
Explode like dynamite, day and night, day and night  
D-D-D-Day and night, day, night, day, night

Hey baby, we've got ("All day")  
And we can do this ("All day")  
I'll make you say ("All day")  
Oh baby ("All day")  
And we can do this ("All day")  
Hey baby, we've got ("All day")  
I'll make you say ("All day")  
Make you say

And we can take our time  
And we can do this right  
And do it how you like  
We got all day and night
