

My Chick

Lil Rob

You should see my chick
She looks like one of those rap guys girl friends

You should see my chick
You should see my chick
You should see my chick
You should see my chick
You should see my chick

She is fine that is the bottom line
Does she see me or does she see dollars signs (signs)
I don't give a f*** shes fine I am gonna call her mine
She is always looking good
Shes mrs hollywood
She treats her kittie cat - just like she should
Shes off the hook
She has got the look
I can tell you more off the book
And I don't mind
Shes fine can't help to stop and look
I can't find a single flaw
Not at all baby doll gotem droppin jaws
Pause
Shell leave you all in all
Your eyes won't believe what they saw
Shes so good shes so bad
And I'm so glad I know that
Shes too bad
Front and back
Shell leave your mind blown back
And I could just ramble on on
About this girl that I got a handle on
Shes all that and a bag of chips

You should see my chick
She looks like one of those rap guys girl friends
(2x)

And she has got the softest lips
She has got the perfect hips
And she has got the nicets t***
I love what she wears and how it fits
My baby such a tease
She looks so sexy in them juciy jeans
