

## Rumors

Lil Rob

Hi this is Steve Austin reporting live from San Diego, California  
I'm here with two controversial rappers from the city  
Lil' Rob and Mr. Shadow aka the Mayhem Click  
And we're talking about rumors  
Now Lil' Rob we understand you have an album out called The Crazy Life  
Can you tell us some of the rumors that have emerged since the release  
Of that album, and some of the things you've been through

Well let me put it like this all these fools talking shit all the time  
I was 16 with the bullet, representing the 619  
But these fools couldn't take it, they didn't want me to make it  
And so they'd rather hate it because they just can't fade it  
Gang related, situated, now I'm back  
These putos talking smack, but I kind of like that in a way  
And one day I might say they're the ones who helped me do this  
Had it in me all the time and I knew this, I'm still foolish  
Fools are clueless to what I can do with my ability  
Thought of myself as a cholo not a real MC  
So I did what I did and I'm so glad that I did it  
Because it put some chips in my pocket when I'm finished  
Using words like simon and leva  
People try to put me down but end up floating down the river  
See I told you twice before, but I'll say it one more time  
You do your thing holmes, but I'ma do mine

And basically that's what I think  
All these fucking fools can talk all the fucking shit about me  
'cause I could give a fuck, you know what I mean  
This proves I'm above their level, you know

Look at all these rumors, started by jealous people

So Shadow, I understand you're having similar problems to those of Lil' Rob  
Is there anything you'd like to say to them player-haters?  
And if so, what would it be?

Man I gotta give it up to those punk who try and diss me  
Talking mad shit, but they miss me, remenice me  
Because they used to talk head about my rhymes  
And when they heard me on the radio they request it till I die  
And I bust at it and I love you yapping lips  
'cause it makes me rap my rolas and my music, stack my chips  
This is Shadow the crazy vato them fools want to battle  
Then they end up on the gravel when they act like hoes and tattle  
Now why would you want part of this truthfulness  
Don't get caught up in the mix  
'cause I hate them phony putos dipping all up in my business  
Ese gotta hit the street for all them fools that player-hate  
'cause ain't no bunch of chavalas stopping me from making bank  
I need to take it to make it, like laws I break it unfaded  
I'll be remaining like Satan, I'm serving hate to those who perpertrating

That's pretty much how I feel  
So I tell them haters you can only witness what you see  
Not the things you hear  
Remember that

Since we're talking about rumors  
I heard Lil' Rob and Shadow weren't always the best of friends  
So Shadow can you clear that up for us and tell us what's really going on?

Simon we had some problems but like adults we had to squash it  
We formed the Mayhem Click (Why?) 'cause everybody wants it  
The badest motherfuckers together no one's ever gonna intimidate us  
Just imitate us, player-hate us  
Don't bother anylising anything we do  
'cause the shit we kick is tight and you know that this is true  
Mr. Shadow and Lil' Rob making heads bob and it don't stop  
'cause we're bound to keep on flowing till you see our caskets drop

It's that one little cholo back before I go  
Just thought I'd let you know that you can never stop my flow  
So I suggest you put that shit to rest, quit talking all that mess  
You're just talking about the best and you're just wasting your breath  
As I sit here, thinking never thought it would be you  
The city that I represent talking all that shit  
See 'cause all we do is kick it and mind my our business  
Lil' Rob and Mr. Shadow (scratching fools off the bitch list)

So now you know where we're coming from  
And with that, it concludes our story for today  
I hope you motherfuckers learned your leason  
And learned how to keep your fucking trap shut  
And quit spreading rumors that aren't true  
'cause that shit be getting motherfuckers in trouble  
And believe me you don't want part of that  
You don't want none of this Mayhem Click  
And we're out
