

Stuck With You

Lil Rob

I wanna be I wanna I wanna be stuck with you
I wanna be I wanna I wanna be stuck with you
I'll do it, I'll do it for you
Cause I wanna be stuck with you
I'll do it, I'll do it for you
Cause I wanna be stuck with you

I just spend all day watching you
Girl I'm just a man I'm not stoppin you
I've had many conversations with many women
But for some reason I can't talk to you
You don't wanna hear them lies
Sure it happens a lot
You probably hear them all the time
But I bullshit you know I like you a lot
And I just really wanna be on your mind
Maybe I can head to your spot
And pick you up around 7 o' clock
And we can do whatever you want, however you like
And we don't even have to stop
Your smile brightens up a room
And I don't think I ever get enough of you
But I just really wanna fuck with you
And I really wouldn't mind being stuck with you

So what you say girl
Just tell me what to do
I need to know what it takes to get you stuck on me to
I'll do it, I'll do it for you
Cause I wanna be stuck with you
I'll do it, I'll do it for you
Cause I wanna be stuck with you
I wouldn't mind being stuck with you(stuck with you)
Girl I can't get enough of you(girl)
And every nothing that I won't do(noo)
We'll do the good and the rough with you(yeah)
I wouldn't mind being stuck with you(stuck with you)
Girl I can't get enough of you(girl)
And every nothing that I won't do(noo)
I'll do anything you ask me to(yeah)

And I don't wanna move too fast
Keep around for the love and crash
But anytime that you would be worth it
A lifetime with you would be perfect
You're beautifull and intellegent too
The last thing you need is an arrogant foo
Who don't know how to treat someone like you
It's lucky for you that I do
Hey don't let no one get you down
Not even me but I won't let you down
Smiles on my face when you come around
But when you leave it turns upside down
You could be my perfections or my expressions
My expressions will answer any questions
I only have eyes for you
I only want you and I won't except no exceptions

So what you say girl
Just tell me what to do
I need to know what it takes to get you stuck on me to
I'll do it, I'll do it for you
Cause I wanna be stuck with you
I'll do it, I'll do it for you
Cause I wanna be stuck with you
I wouldn't mind being stuck with you(stuck with you)
Girl I can't get enough of you(girl)
And every nothing that I won't do(noo)
We'll do the good and the rough with you(yeah)
I wouldn't mind being stuck with you(stuck with you)
Girl I can't get enough of you(girl)
And every nothing that I won't do(noo)
I'll do anything you ask me to(yeah)

And every nothing that I won't do
I'll pull a star from the sky for you if you ask me to
I wanna be more than you your frined
How long to stop to start again
If I could talk to you what would you say
What are the chances you feel the same way
Would you say you're in love with me
And that you want nothing more than to be stuck with me
God just let me know

So what you say girl
Just tell me what to do
I need to know what it takes to get you stuck on me to
I'll do it, I'll do it for you
Cause I wanna be stuck with you
I'll do it, I'll do it for you
Cause I wanna be stuck with you
I'll do it, I'll do it for you
Cause I wanna be stuck with you
I'll do it, I'll do it for you
Cause I wanna be stuck with you
So what you say girl
Just tell me what to do
I need to know what it takes to get you stuck on me to
I'll do it, I'll do it for you
Cause I wanna be stuck with you
