

# Where Did You Go

Lil Rob

"Where did you go..." -  
Hey homeboy, where you been  
Where's that loc-ed out Mexican  
Mexican-American  
So sick, he need medicine  
Hey homeboy, where'd you go, are  
You still D-I-E-G-O, or  
Hidin' out in Mexico  
Need to come back with the flow, like you did before  
Let these vatos know  
What you bouncin' now, a sixty-four  
You still roll a Cadillac  
Never mind that, holmes, we need you back  
Hey, where'd you find yourself a girl  
That really turns your world upside down  
Well, if that's true, that's cool, me too {"So tell me" - }

"Where did you go, I wanna know (I wanna know)" {I wanna know}  
"Where did you go, I wanna know (I wanna know)" {Where did you go}  
"Where did you go, I wanna know (I wanna know)" {I wanna know}  
"Where did you go, I wanna know (I wanna know)" -  
That's what they wanna know  
"Where did you go"  
Where did Lil Rob go  
"Where did you go"  
That's what they wanna know  
"Where did you go"  
He's lost, just like his flow

Hey homeboy, you ain't right  
You're no longer spittin' tight  
You should just put down the mic, what  
Happened to your Crazy Life, hun?  
Why you lay it low  
Make it everything for radio  
Like if that's the way to go  
Don't forget about the barrio, holmes  
See, you still spit it like  
Like you had an appetite, don't  
Do it like you used to do, need to  
Do it like you used to, fool  
Why you holdin' back  
Need to come back with some oldie tracks  
Bring my old school homey back  
Where'd you go, hit Rob, what's up with that

"Where did you go, I wanna know (I wanna know)" {I wanna know}  
"Where did you go, I wanna know (I wanna know)" {Where did you go}  
"Where did you go, I wanna know (I wanna know)" {I wanna know}  
"Where did you go, I wanna know (I wanna know)" -  
That's what they wanna know  
"Where did you go"  
Where did Lil Rob go  
"Where did you go"  
That's what they wanna know  
"Where did you go"  
He's lost, just like his flow

I just been kickin' back (Kickin' back)  
With some of this, and a little that (Little that)  
Tryin' to get my life back on track (Yeah)  
Cause my life is way more than just to rap (It's a rap)  
I'm working to get it right  
Won't put down the mic, but will change my life  
So that's where I went, and that's where I been  
But I'm back again

"Where did you go, I wanna know (I wanna know)" {I wanna know}  
"Where did you go, I wanna know (I wanna know)" {Where did you go}  
"Where did you go, I wanna know (I wanna know)" {I wanna know}  
"Where did you go, I wanna know (I wanna know)" -  
That's what they wanna know  
"Where did you go"  
Where did Lil Rob go  
"Where did you go"  
That's what they wanna know  
"Where did you go"  
He's lost, just like his flow
