

# Love Can't Wait

Lil Suzy

It's so hard to find a love that's true  
Someone that understands your feelings  
We're apart, but when I think of you  
I know it's real love i'm feeling  
Bridge  
I just can't understand the reason why  
They say i'm to young for love  
The thought of losing you just makes me cry  
There's one thing i've learned about love  
Chorus  
Love can't wait for to long  
(Don't give it time to fade)  
Hold on to love when it's strong  
(Dont' let it slip away)  
Love can't wait for to long  
(No matter what they say)  
With you is where I belong  
(Oh baby love can't wait)  
(Don't give it time to fade)  
(Dont' let it slip away)  
Here we are, pretending we don't care  
Pretending that it doesn't matter  
Your so far, and boy it's so unfair  
That all my hopes and dreams are shattered  
Bridge  
I just can't understand the reason why  
They say i'm to young for love  
The thought of losing you just makes me cry  
There's one thing i've learned about love  
Chorus  
Love can't wait for to long  
(Don't give it time to fade)  
Hold on to love when it's strong  
(Dont' let it slip away)  
Love can't wait for to long  
(No matter what they say)  
With you is where I belong  
(Oh baby love can't wait)  
(Don't give it time to fade)  
(Dont' let it slip away)  
Here we are, pretending we don't care  
Pretending that it doesn't matter  
Your so far, and boy it's so unfair  
That all my hopes and dreams are shattered  
Love can't wait for to long  
(Don't give it time to fade)  
Hold on to love when it's strong  
(Dont' let it slip away)  
Love can't wait for to long  
(No matter what they say)  
With you is where I belong  
(Oh baby love can't wait)  
(Don't give it time to fade)  
(Dont' let it slip away)  
Here we are, pretending we don't care  
Pretending that it doesn't matter  
Your so far, and boy it's so unfair

That all my hopes and dreams are shattered
