

# Moment

Lil' Wayne

They say baby how you do it?  
Never question greatness  
Never question greatness  
Tell 'em never question greatness  
I just do it  
I'm so high I feel weightless  
All my shooters are courageous  
And

Ain't a moment 'till I make it  
It ain't a monent 'till I make it  
Have my cake and eat it to, I want a bakery  
And say lately  
All I've been doin' is celebratin'  
Don't even know what I'm celebratin'  
I know why you ain't celebratin', cause you ain't sellin' nothin'  
I got niggas catchin' cases, while we out here catchin' breaks  
And I'm gon' shoot it if I wave it, shoot it if I wave it  
Do yourself a favor, save yourself cause I can't save yah

Know you see me in that Rolls Royce, glass house, that nigga, hands down  
No givin' up, no layin' down, all red, ant pile  
My oldest son just turned five, I said "Lil nigga, you a man now"  
Ride around with that strap out cause that Rolls Royce, glass house  
I just got a text that said "Baby I just cashed out"  
Wack weed get ashed out, put Persian rugs in the crack house  
All y'all that lashed out, I'll come see what that's 'bout  
But you don't need to call the fireman, to put a mothafuckin' match out  
I can't remember my last drought, all my niggas' smashmouth  
Got pure coke, brand new birds, we get 'em as soon as they hatch, slime  
And you know the driveway too big when you ain't gotta back out  
Paper chase like cat mouse, my nigga it

Ain't a moment 'till I make it  
It ain't a monent 'till I make it  
Have my cake and eat it to, I want a bakery  
And say lately  
All I've been doin' is celebratin'  
Don't even know what I'm celebratin'  
I know why you ain't celebratin', cause you ain't sellin' nothin'  
I got niggas catchin' cases, while we out here catchin' breaks  
And I'm gon' shoot it if I wave it, shoot it if I wave it  
Do yourself a favor, save yourself cause I can't save yah

Know you see me cause my roof all in my trunk, know he dead when the horn ho  
nk  
Niggas say they kings, they lyin', boy you talkin' to [?]  
I already made my mark, please don't think I just pop corks  
Got these voices in my head screamin', can't believe they're not hoarse  
Boy I've been a beast since cartunechi's  
It's real on the field, I need new cleats, outgrew these  
Catch you while you sleep, turn your sheets to maroon sheets  
Them choppers turn your homeboys into amputees  
And that's not a good look, momma was a chef, but daddy cooked the work  
Said "I know it stank but it's good"  
Look, we treat them triggers like repeat buttons  
Leave it all out there, leave nothin'

Like the world a crystal ball, I keep rubbin' it

Ain't a moment 'till I make it  
It ain't a monent 'till I make it  
Have my cake and eat it to, I want a bakery  
And say lately  
All I've been doin' is celebratin'  
Don't even know what I'm celebratin'  
I know why you ain't celebratin', cause you ain't sellin' nothin'  
I got niggas catchin' cases, while we out here catchin' breaks  
And I'm gon' shoot it if I wave it, shoot it if I wave it  
Do yourself a favor, save yourself cause I can't save yah

Can't nobody save yah  
New Orleans pride and savior  
Nigga this that Carter 5  
I feel like, feel like I'm on my final caper  
Uh, and I'm about to smoke one, pass out, OG kush, hashed out  
She only want alcohol and trees, fuck that, you gotta branch out  
I camp out by a rat house, wait 'till he turn the lamp out  
Stil drownin' in the fuckin' money, y'all niggas look like y'all swam out  
In this bitch, gats out in this bitch  
She say she can come and help my fat wallet get fit  
I told her that's not in this script, I don't see that in the script  
I'm smokin', gettin' head, lookin' down tryna read lips  
It said it

Ain't a moment 'till I make it  
It ain't a monent 'till I make it  
Have my cake and eat it to, I want a bakery  
And say lately  
All I've been doin' is celebratin'  
Don't even know what I'm celebratin'  
I know why you ain't celebratin', cause you ain't sellin' nothin'  
I got niggas catchin' cases, while we out here catchin' breaks  
And I'm gon' shoot it if I wave it, shoot it if I wave it  
Do yourself a favor, save yourself cause I can't save yah  
(2x)
