

You Ain't Know

Lil' Wayne

I got a lot of loot and I ain't lookin' for a lady
And you can never pay me I'm from Uptown baby
I wake up in the mornin' take a piss and wash my hands
Take a knee and thank the Man then get back to the money
You ain't know I gotta go
Where ya goin'? I gotta get back to the money
You ain't know I gotta go
Where ya goin'? I gotta get back to the money
To the money

Nigga I ain't got a money printer
So for this paper chase I'm out runnin' sprinters
Yes the last two Cash Money members
Shout out to the new Cash Money members
Baby and Slim still point guard and center
So much money on my mind it's all I remember
And I just bought a gun wit' a extender
And that bitch hold me up like suspenders
Cut like a blender sharper than a bitch
They got so many pussy niggaz I can make a list
Niggaz wonder why I stress that I am the best
'Cause even bobble heads tell me yes.. haha
Put it on the hood I'm Hollygrove to death
I'm already good I'm workin' on my left
A jungle on my wrist a circus on my neck
Don't forget the Baby no don't forget the F

You ain't know I gotta go
Where ya goin'? I gotta get back to the money
You ain't know I gotta go
Where ya goin'? I gotta get back to the money
To the money

Brush the platinum grab the straps homie make it happen
Comin' through my neighborhood wit' 4's on the Caddy
Limo tints out the pound and Uptown crackin'
Red bandanna duckin' feds and the money stackin'
Rest in peace to Miss Gladys like e'eryday
We on the grind for the shine and we gon' get paid
Spent a mill' on the wheels custom wit' the navi'
2 of the same whips we doin' it big livin' lavish

This is a Scott Storch and I'm a hot torch
And gettin' money is my sport
And understand the rap game is my court
So I shall walk and come forth like a Rockport
Or some sort of... matchin' slippers or yacht shoes
See I don't cruise control I control the cruise
Yes... I gets throat on a boat
And I vow to never fall like soap on a rope and

I got a lot of loot and I ain't lookin' for a lady
And you can never pay me I'm from Uptown baby
I wake up in the mornin' take a piss and wash my hands
Take a knee and thank the Man then get back to the money
You ain't know I gotta go

Where ya goin'? I gotta get back to the money
You ain't know I gotta go
Where ya goin'? I gotta get back to the money
To the money

Fresh wit' the hustle so we bounce back on them suckers
Blowin' big doin' gigs got it ran in hundreds
They reppin' layin' here we stuntin'
On the grind all the time homie gettin' money
3rd Ward soldier 13th gangsta
17th hustler known top ranker
Money go getter them clowns can't figure
Poppin' at the mouth like this cutter won't split 'em
Know how to survive hustlin' stayin' fly
My whole hood cried when my lil' brother died
Know I had to ride never let it slide
It's just the G in me and I'ma get it til I die daddy

You ain't know I gotta go
Where ya goin'? I gotta get back to the money
You ain't know I gotta go
Where ya goin'? I gotta get back to the money
To the money
