

Crazy

Lil Wyte

Sometimes I feel like I'm flyin'
Sometimes I feel like I'm dyin'
Maybe the world is against me
Maybe the world thinks I'm crazy
Sometimes I feel like I'm losin'
Sometimes I feel like I'm losin'
Maybe the world is against me
Maybe the world is a LIEEEEE! I'm goin' crazy
Maybe I can feel it 'cause I know I'm high
Maybe I can ride 'cause I'm born to die
Maybe I can jump 'cause I know I'm high
Maybe I can kill 'cause it's in my eyes
I dont know why I'm seein' things
I dont know I'm bein' insane
I wish I could wake up from this dream
But until then I'll feel this disease

Sometimes I feel like I'm flyin'
Sometimes I feel like I'm dyin'
Maybe the world is against me
Maybe the world thinks I'm crazy
Sometimes I feel like I'm losin'
Sometimes I feel like I'm losin'
Maybe the world is against me
Maybe the world is a LIEEEEE! I'm goin' crazy
Now that I have my chance to rearrange it
Crazy is tha word that I use to explain it
Find out, what gon' happen in the end
When the ball leave tha court and tha paper leave tha pen
It's some fucked up, shit that we walk through
On a daily basis some folks you can't even talk to
So I stomp through all of my obstacles with pleasure
The top two's me and I so who's better?
Take me to a place everyday sunny weather
Put me in the sand dro in my hand forever
Reality strikes, tha sharper teeth get tha bite
I feel like I been gone a month but I ain't left out ya sight
I'm havin' visions of dyin' but God can control so break
The only thing they truly bring to life is the shit you take
I might be labeled as crazed I'd rather be dead than brave
The recognition of my mission is what's makin' them hate

Maybe the world is a LIEEEEE! I'm goin' crazy
