

# I Know You Strapped

Lil Wyte

Know what I'm sayin  
this mothafucking song dedicated  
to them weak ass bitches that follow me in the club  
on that weed, that white, that liquor, the whole xanax bars  
That X whatever the fuck they on  
You know what I'm sayin?  
They think cause they drunk and they crunk  
and they got a unit in the trunk that they just some hard mothafuckers  
You know what I'm sayin?  
But really they's the weak bitches  
You know what I'm sayin?  
You fall up in V.I.P. (HCP) thats the real killas sittin in the back  
waitin on yo mothafuckin ass, you know what I'm sayin?  
Bitch

Smoke a blunt, get drunk, hit a line of that funk  
Now you fallin up in the spot and you thinkin that you crunk  
You ain't crunk, yous a punk, and I'ma show you that tonight  
All it takes is one killer to step and we can start a fight  
In the middle of the club, bitch wasup we can do this shit  
Security ain't gonna jump in the way because they scared of this  
Implantin this into ya brain so you know the next time you cross the line  
Again it's standin full of sin when you fuck wit the boss  
Biggest, badest, roughest motha fucker, but ya still a bitch  
I'm comin in crunker than the others for the fuck of it  
Liquor bottles hit ya harder than some syrup when ya slum  
Have ya shakin, fakin, body achin by the time I'm done  
Legally this isn't right but ask me if I give a shit  
Peacefully I'll read your rights and have you beggin me to quit  
Hit ya weed and liquor or whatever else it takes to jump  
Just remember, just cause you fucked up it doesn't mean your crunk

I know you strapped, but you cowards like to play hard  
And knowin that you don't wanna catch a murder charge  
See butsters like to get full of that weed and liquor snort a line  
In ya mind now yous a killer

Damn man goddamn paul man you might have to slow this motha fucker down a  
Little bit man I'm on that syrup man I'm high and I'm drunk man you need to  
slow down

I'm not scared of you just cause you came in actin a damn fool  
Runnin lip talkin shit, bet you wouldn't without ya tool  
Now ya hard very hard ballin down the boulevard, pissy pants doin ya dance  
I'm behind ya in a faster car, weak as water so is yo mama, father and ya  
Faculty, quickly sauder up yo lips so you can't trip or speak of me  
Watch me creep up from the back wit gats and pick you off by ones  
Had to repaint the walls wit ya while ya smokin on ya blunt  
Hate to be the one to show you that drugs kill and that's a fact  
But I love that I am the one who put the bullet in your back  
Next time when you step to the plate come back and just let it rip  
Stead of bitchin out I thought you crunk, you ran back to ya whip  
Holy ghost is up in ya when you see me you fade away  
Makin fun of all you cowards powered by a pack of bay  
Hopefully one day you'll find out in the end you just a bitch  
Until then just keep on drinkin smokin snortin up some shit
