Bill collectors been trippin lately (I don't give a fuck)

It's one of them days that I don't give a fuck (I don't give a fuck)

Woke up, I'm out of weed, my lady trippin out on me  
I wanna go to this warehouse, man this job, I swear I wanna leave  
I work my ass off to get a couple of hundred bucks a week  
After bills pills beer and weed I ain't got money to eat  
So I followed my boss right to his house and I put this pistol in his mouth  
Warned and told him I'd kill his kids if he ever made a fuckin sound  
Went to work and then stayed with a smile  
Toss some box like up and happen  
I don't give a fuck, I'm out this bitch soon as I make it rappin  
Both will leave, bitch wait and see  
One day you'll be a memory  
Every time you see my city, bitch you will remember me  
On that fuckin shit, quit fuckin with you, scratch it off my bucket list  
I'm fuckin pissed, tryin to pop a buck  
I'm down, I'm done with this

My boss man been trippin lately (I don't give a fuck)

9 o'clock in the morning, I wake up, I'm running late  
Told the boss man I'm on my way, I can't get fired today  
Man I'm broke, I'm fucked up, only got a couple dollars  
But I'm hungry, I'm hung over, guess I'll go right to MacDonald's  
And the line's so long man it piss me off a little bit.  
I wanna Mac griddle with some sausage in the middle  
I pull out of the drive through, I don't wanna got to work  
Really turn this bitch so fuckin hard, juice up on my shirt  
Man my boss man is a jerk, my old lady's trippin too  
She's always nagging and bitching bout this shit that I don't do  
Tell me that I'm white trash, now I'll never take out the trash  
But the way I feel today - you can kiss my ass!

Fuck that bitch, and I told er pack her shit  
And get the fuck up out my click quick but I lost my grip  
Don't wanna be around when I flip my weird, hold up  
You want me to hear what she did, to her  
Put him in the back if I had to  
I had to get rid of him and be gone fore the cops show up  
Now I'm in the whip and I'm drivin  
Life flings by, man I'm 75  
And I look in the rearview mirror and all I see is them sirens  
I'm a product of domestic violence and I hate that motherfuckin slut  
I'm surrounded by 100 cops and I don't give a motherfuck

I mean I got my candy and 2 balls that I can drop  
Don't wanna come off to seem too proud  
How about those who really ain't have  
Less than nothing, I ain't frontin, suburban country I'm ballin  
Bet she fuck curtains and windows and yes I'm an alcoholic  
I'm drugdicted man they callin, I'm this famous any time  
Good for minding my own  
Unless those simple minded men  
Get up in it if I come to climb  
Have no time for that bullshit  
But I get on yo stack fore I get up in the track  
And I'm lookin for all the paper I can get  
Fuck!
