

Our Love Song

Lil Wyte

Everybody needs a love song
Everybody wants a love song

I wanna be with you every day (wanna be with you every day)
I wouldn't have it any other way (wouldn't have it any other way)
I'm so attracted to the way you move (so attracted to the way you move)
Baby, I ain't never leaving you (I ain't never leaving you)
Woah woah woah woah (this is our love song)
Woah woah woah woah (this is our love song)
Woah woah woah woah (this is our love song)
Woah woah woah woah, Woah woah woah woah woah (this is our love song)

For the love of you there isn't much I wouldn't do (fo real)
The love of you has got me doing things I shouldn't do
But this is in my heart, so I could say it's real
I love the way you look, I love the way you feel
You talk for me baby, all the things I need to say
You the reason I call the charge reason that I beat the case
And you're the reason that I wake up and go hit the grind
When you ain't in my life baby I damn near lose my mind
Some days better than others, regardless I still love ya
I'm so fucked up that I don't put nothing above you
I'll love you when it's rainin, I'll love you when it's ugly
Damn, I really love you money

I wanna be with you every day (wanna be with you every day)
I wouldn't have it any other way (wouldn't have it any other way)
I'm so attracted to the way you move (so attracted to the way you move)
Baby, I ain't never leaving you (I ain't never leaving you)
Woah woah woah woah (this is our love song)
Woah woah woah woah (this is our love song)
Woah woah woah woah (this is our love song)
Woah woah woah woah, Woah woah woah woah woah (this is our love song)

I wanna pick you up, take you home
Break you down and be alone
Have a regular Friday night, we doing it with the lights on
I know some girls like you but none that been doing what you do
Let's make a baby, it can have my name, that'd be cool
See we've been together now bout damn near half my life
I think I'm bout to take that plunge and make you my wife
Creepin through my city, my eyes are barely open
I'm swerving in and out of traffic, baby girl hold it
You a bad motherfucker and I have always known it
I swear I'd tell yo mother if I knew where she was growing
So many people wish they had you and those are the lanes
Wooh! I love you Mary Jane

I wanna be with you every day (wanna be with you every day)
I wouldn't have it any other way (wouldn't have it any other way)
I'm so attracted to the way you move (so attracted to the way you move)
Baby, I ain't never leaving you (I ain't never leaving you)
Woah woah woah woah (this is our love song)
Woah woah woah woah (this is our love song)
Woah woah woah woah (this is our love song)
Woah woah woah woah, Woah woah woah woah woah (this is our love song)
