

# Pimpin'

Lil Wyte

Cruising through my side of town  
I'm from the hood pimpin,  
Blowin on some shit that's loud  
I'm smoking good pimpin  
Getting money every day  
You wish you were pimpin  
Tryin me is not the way  
I wish you were pimpin

I'm on Frasier drive, windows down  
System up, I'm smoking loud  
Bumpin DJ Paul volume 16 it's going down  
It's a sunny day in Memphis Tennessee so hoes around  
Feel 1994 and I am on a cloud  
OG white kush crop dustin through the town  
Got a bitch so bad, blue eyes, her hair is brown  
Everytime I hit the liquor store I'm leaving out with ground  
If I fall inside some pussy this evening I hope I drown  
Bad motherfucker, I come from the gutter underground  
And I'm after all my money like it's been in lost and found  
WYTE, lay back flow  
Heartless, seen this side before  
Gathering up the hoes, the dro and money and now I gots to go

Cruising through my side of town  
I'm from the hood pimpin,  
Blowin on some shit that's loud  
I'm smoking good pimpin  
Getting money every day  
You wish you were pimpin  
Tryin me is not the way  
I wish you were pimpin

I'm on Belleroad, windows down,  
System up and smoking loud  
Bumpin that ol haystack, the natural, it's going down  
Catch and play struggling, pills we juggling  
Told my plug to pass it off  
I promise I won't thumble it  
MacDonald's, over 1 billion served, I'm hustling  
And da da da da da, I'm lovin it  
Way before this rap game I went hard in the kitchen  
And fuck with so much grass  
You'd think I cut yards for a living  
Man I'm really from the hood, bitch respect that shit  
Been in the distribution kinda like selekto hit  
And that was all before I hit a booth and started spittin crack  
If rap don't work I hit a trap and tell em send a 50 back for real

Cruising through my side of town  
I'm from the hood pimpin,  
Blowin on some shit that's loud  
I'm smoking good pimpin  
Getting money every day  
You wish you were pimpin  
Tryin me is not the way  
I wish you were pimpin

Yea hoe, yea hoe  
Yea hoe, yea hoe  
Yea hoe, yea hoe  
Yea hoe, yea hoe...

Cruising through my side of town
