

Complete

Lila McCann

I'm half a woman, with half a heart and half a mind when we're
apart

But when you're here with me I'm complete

My heart had been so uninspired love left a lot to be desired

But when you're here with me I'm complete

You're the half that makes me whole the missing piece, my second
soul

Your love fills all my needs baby when I'm with you, can't you see

I catch my breath, I lose my cool I watch my heart break every
rule

But when you're here with me I'm complete

You're the half that makes me whole the missing piece, my second
soul

Your love fills all my needs baby when I'm with you, can't you
see

I'm satisfied, I'm so content now my world makes perfect sense

When you're here with me, I'm complete I'm complete, oh baby
