

You, you might be the one
So let's not rush it, let's not jump the gun
Sometimes love is an illusion
Let's make it clear just so there's no confusion

It's just a crush I'm feelin'
Walkin' on the ceilin'
My whole world's upside down

It's just a crush, I know it
Don't know where we're goin'
But I like it where we are right now

It's too soon to be too much
I'm not ready to call it love
It's just a crush, a crush

You, I like you a lot
But I'm not sure if it's meant to be or not
Yeah, you could say, say we're together
But no one's said a word about the word forever

It's just a crush I'm feelin'
Walkin' on the ceilin'
My whole world's upside down

It's just a crush, I know it
Don't know where we're goin'
But I like it where we are right now

It's too soon to be too much
I'm not ready to call it love
It's just a crush, a crush

You, you might be the one
So let's not rush it, let's not jump the gun

It's just a crush I'm feelin'
Walkin' on the ceilin'
My whole world's upside down

It's just a crush, I know it
Don't know where we're goin'
But I like it where we are right now

It's too soon to be too much
I'm not ready to call it love
It's just a crush, a crush
