

# Whisper The Words

Lila McCann

I've told you how I feel  
With only the truest words  
All that I can, all that I am  
Is waiting for you, ooh

I wouldn't have gone this far  
We wouldn't be right here  
If I didn't know deep in your soul  
You needed me too

So won't you whisper the words  
The words that my heart wants to hear  
So that I know this is real  
Tell me you feel it  
And make me believe that you'll always be there  
Whisper the words  
The words you say only to me  
That touches my soul tenderly  
A foundation to build on  
A love that is so strong  
Baby whisper, oh whisper, oh whisper the words

Just put your hand in mine  
And baby look deep in my eyes  
And just with one breath your heart will confess  
What we both know deep inside

Whisper the words  
The words that my heart wants to hear  
So that I know this is real  
Tell me you feel it  
Make me believe that you'll always be there  
Whisper the words  
The words you say only to me  
That touches my soul tenderly  
A foundation to build on  
A love that is so strong  
Baby whisper, oh whisper, oh whisper the words

And somehow and somewhere  
This was meant to last forever, baby  
Fate found a way of bringing us together  
If you'll just say, please say, please say

Whisper the words  
The words you say only to me  
That touches my soul tenderly  
A foundation to build on  
A love that is so strong  
Baby whisper, oh whisper, oh whisper, oh whisper the words  
Oh, whisper the words
