

# You're Gone

Lila McCann

Tell me one sweet lie  
Tell me our love's just fine  
And everything will be all right  
Say you're not gonna leave

That you still love me  
And we'll start all over tonight  
That look is in your eyes  
And all I can hear is the sound of goodbye

You're gone  
No two ways about it  
Though you stand in front of me  
It's real easy to see

That you're gone  
And it's time to face the truth  
That my world just fell apart  
And I don't know what to do  
You're gone

I could turn my head  
Forget what we said  
And all the words that cut like a knife  
Whether you go or stay

You're gone either way  
And I'll love you the rest of my life  
I can tell your mind is set  
The words you didn't say I will never forget

You're gone  
No two ways about it  
Though you stand in front of me  
It's real easy to see

That you're gone  
And it's time to face the truth  
That my world just fell apart  
And I don't know what to do  
You're gone

I'll never give up believing  
And I know one day I'll win you back  
And you'll love me just like I love you  
But right now it's a matter of fact

You're gone  
No two ways about it  
Though you stand in front of me  
It's real easy to see  
That you're gone

And it's time to face the truth  
That my world just fell apart  
And I don't know what to do  
You're gone
