

## Fear of time

Lillian Axe

I watched the moon destroy the sun while blindness  
tried to see  
Silver rays of better days came shining down on me

Fear of time destroys your peace of mind

I felt my earth become a dream of insecurity  
Close my eyes inside there lies my failing memory

Fear of time destroys your peace of mind

Free your mind in the sea of time  
Free your mind from your fear of time

Dust to dust the endlessness destroys my sanity  
Take me home where I can roam for all eternity

Fear of time destroys your peace of mind

Clear your mind in the sea of time  
I'm free now, so free now  
To see how mindless is my fear of time  
I walk alone, I'm coming home  
And all I leave you is my fear of time

I've got no time to live a lie or question what I see  
Swallowing this evil thing that's feeding off of me

Fear of time destroys your peace of mind

Clear your mind in the sea of time  
I'm free now, so free now  
To see how mindless is my fear of time  
I walk alone, I'm coming home  
And, all I leave you is my fear of time  
I'm free now, so free now  
To see how mindless is my fear of time
