

Psychoschizophrenia

Lillian Axe

Hey brother, can you spare some time?
It seems I've lost my mind
I'm one strange personality
Have I gone crazy?
Yeah, please take me somewhere new.

I don't associate with people, you see
Maybe that's what's troubling me
I feel rebellion's overdue
So chain me up now,
You'll get what's coming to you

Hey, I'm Psychoschizophrenia

Thunderstorms evolving inside of me,
Straight jacket quick and swallow the key
My sanity lives on the edge
But I'm so happy
I'm going away,

It's all in your mind, it's all in your mind
