

Believer

Lillix

I was cold
I felt used
Caught in the gutter
Trying to break through
Where you going?
Walking away
Can you hear me?
I can't hear you...

Hey there believer
Give me a sign
Are you here tonight?
Open my eyes
Hey there believer
One more time
Are you here tonight?
Are you here tonight?
Make me a believer

Nowhere to go
No place to be
Nothing's familiar
Come remind me
When I'm screaming
I am afraid
Get me out of here
I... need you

Hey there believer
Give me a sign
Are you here tonight?
Open my eyes
Hey there believer
One more time
Are you here tonight?
Are you here tonight?
Make me a believer

You think I'm scared, but I'm laughing
To see the clouds start rolling in
You'd think I'm sad, but I'm smiling
I feel your breath under my skin

Breathing out
In and out...
