

# Dirty Sunshine

Lillix

Dirty bedclothes, a spider creeping up the wall  
Moldy pizza, sits where I left it on the floor  
What's that breeze upon my face?  
How dare you invade my space

You hit me

It all turns to sunshine, dirty sunshine  
You walk in  
It all turns to sunshine, dirty sunshine  
I slam the door and shut the blinds  
Dirty sunshine

I feel like shit now  
But I don't mind cause it's that time again  
I'm in my sweatpants, and I'm a mess don't want to let you in

You're sweetness gives me cavities  
You're all that I don't want to be

You hit me  
It all turns to sunshine, dirty sunshine

You walk in  
It all turns to sunshine, dirty sunshine  
I slam the door and shut the blinds  
Dirty sunshine

I don't want to believe in your merry-go-rounds  
Stop picking me up when I want to be down  
Scratch my nails on the floor and I'm liking the sound

What's that breeze upon my face  
How dare you invade my space

You walk in and it all shines bright  
Space  
You walk in and it all shines bright

You hit me  
It all turns to sunshine, dirty sunshine

You walk in  
It all turns to sunshine, dirty sunshine  
I slam the door and shut the blinds  
Dirty sunshine

You walk in and it all shines bright  
Sunshine, dirty sunshine
