

# Close Your Eyes

Lily Allen

Hey hey  
Hey hey

Baby baby  
I have to say  
That there's something you should know  
When I'm standing there in my underwear  
I know that I've let myself go  
But I still feel sexy  
When you undress me  
And whisper in my ear  
Come over here  
Come over here

Let's spice it up, you can dress me up  
I'll be anyone you like  
Get my leathers on  
Yeah, Let's get it on  
Come on, ride me like a bike  
I'll be Beyoncé  
Baby say my name  
Tonight you are my Hova  
Baby come over  
Baby come over

Close your eyes  
Baby take off your shirt  
I'ma just hit the lights  
Come on let me get to work  
I'm gonna hypnotize you  
Then I'm gonna yank your chain  
We can do it again  
All over again

Driving your sedan up to my mini van  
I see you in my mirror  
Ain't no other chick  
Gonna cut my shit  
You know I'll have to kill her  
You know how to use  
That I'm 'bout to lose it  
You blow my fucking mind  
Park it right up behind  
Park it right up behind

Close your eyes  
Baby take off your shirt  
I'ma just hit the lights  
Come on let me get to work  
I'm gonna hypnotize you  
Then I'm gonna yank your chain  
We can do it again  
All over again

Where d'ya learn to do the things you do?  
You're everything, you're all my dreams come true  
You know your way around like no one else

Right there  
Like you care  
You're so close, so nearly there  
Ooh yeah!

Come on now baby, yeah  
Come on now baby, yeah  
Come on baby, right there  
Come on baby now, yeah  
Come on baby, yeah  
Come on baby not there  
Come on baby, yeah

[2x]  
Close your eyes  
Baby take off your shirt  
I'ma just hit the lights  
Come on let me get to work  
I'm gonna hypnotize you  
Then I'm gonna yank your chain  
We can do it again  
All over again
