

Him

Lily Allen

Would you please take me away from this place
I cannot bear to see the look upon your faces
And if there is some kind of god do you think he's pleased
When he looks down on us I wonder what he sees
Do you think he'd think the things we do are a waste of time
Maybe he'd think we are getting on just fine
Do you think he's skint or financially secure
And come election time I wonder who he'd vote for

Ever since he can remember people have died in his good name
Long before that September
Long before hijacking planes
He's lost the will he can't decide
He doesn't know who's right or wrong
But there's one thing that he's sure of this has been going on
too long

Do you think he'd drive in his car without insurance
Now is he interesting or do you think he'd bore us
Do you think his favourite type of human is caucasian
Do you reckon he's ever been done for tax evasion
Do you think he's any good at remembering people's names
Do you think he's ever taken smack or cocaine
I don't imagine he's ever been suicidal
His favourite band is Creedence Clearwater Revival

Ever since he can remember people have died in his good name
Long before that September
Long before hijacking planes
He's lost the will he can't decide
He doesn't know who's right or wrong
But there's one thing that he's sure of this has been going on
too long

Ever since he can remember people have died in his good name
Long before that September
Long before hijacking planes
He's lost the will he can't decide
He doesn't know who's right or wrong
But there's one thing that he's sure of this has been going on
too long
