

## Him

Lily Allen

Would you please take me away from this place  
I cannot bear to see the look upon your faces  
And if there is some kind of god do you think he's pleased  
When he looks down on us I wonder what he sees  
Do you think he'd think the things we do are a waste of time  
Maybe he'd think we are getting on just fine  
Do you think he's skint or financially secure  
And come election time I wonder who he'd vote for

Ever since he can remember people have died in his good name  
Long before that September  
Long before hijacking planes  
He's lost the will he can't decide  
He doesn't know who's right or wrong  
But there's one thing that he's sure of this has been going on  
too long

Do you think he'd drive in his car without insurance  
Now is he interesting or do you think he'd bore us  
Do you think his favourite type of human is caucasian  
Do you reckon he's ever been done for tax evasion  
Do you think he's any good at remembering people's names  
Do you think he's ever taken smack or cocaine  
I don't imagine he's ever been suicidal  
His favourite band is Creedence Clearwater Revival

Ever since he can remember people have died in his good name  
Long before that September  
Long before hijacking planes  
He's lost the will he can't decide  
He doesn't know who's right or wrong  
But there's one thing that he's sure of this has been going on  
too long
