

# Never Gonna Happen

Lily Allen

I don't wanna hurt you  
'Cause I don't think it's a virtue  
But you and I have come to our end  
Believe me when I tell you that  
I never wanna see you again

And please can you stop calling  
'Cause it's getting really boring  
And I've told you I don't want to be friends  
Believe me when I tell you that  
I never wanna see you again

How on earth could I be any more obvious?  
It never really did and now it's never  
Gonna happen with the two of us

I don't understand what it is that you're chasing after  
But it makes me really sad to hear  
You sound so desperate, it just makes it harder

I can see how it's confusing  
It could be considered using  
When I call you up straight out of the blue  
But I don't understand what else  
A girl in my position's to do

Now I know you feel betrayed  
But it's been weeks since I got laid  
This doesn't mean that I don't think you're a fool  
But I don't understand what else  
A girl in my position's to do

How on earth could I be any more obvious?  
It never really did and now it's never  
Gonna happen with the two of us

I don't understand what it is that you're chasing after  
But it makes me really sad to hear  
You sound so desperate, it just makes it harder

I know it's rather ugly  
'Cause I know that you still love me  
And this isn't any kind of excuse  
I don't love you, I don't love you

How on earth could I be any more obvious?  
It never really did and now it's never  
Gonna happen with the two of us

I don't understand what it is that you're chasing after  
But it makes me really sad to hear  
You sound so desperate, it just makes it harder
