

Good Girl

Lily Kershaw

The morning's got nothing on me
Except for last night
My memory won't forgive me
And whiskey only brings the fight

I'm going down, down, down
I'll dig my own shallow grave
I'm going down, down, down
Good girls aren't supposed to misbehave
I'm not a good girl anyway
(Down, down down down, down down down)

They'll try to hold me down
But I'll always get up
'Cause I got a lot of living to do
Before this heart of mine gives up

I'm going down, down, down
I'll dig my own shallow grave
I'm going down, down, down
Good girls aren't supposed to misbehave
I'm not a good girl anyway
(Down, down down down)
I'm not a good girl anyway-ayy

Well you'll draw your gun like you've drawn me
But the truth is I've been dead for weeks
The girl you knew is gone
And I've been up to no good, pulling fire alarms
Living fast, and free, and I am young

I'm going down, down, down
I'll dig my own shallow grave
I'm going down, down, down
Good girls aren't supposed to misbehave

I'm going down, down, down
I'll dig my own shallow grave
I'm going down, down, down
Good girls aren't supposed to misbehave
I'm not a good girl anyway
(Down, down down down)
I'm not a good girl anyway
Down, down, down
