

Let's Get Together Again

Limahl

Always wanted a lover of my own
Someone special to hold me tight and keep me warm
Baby a wonderful thing happened to you and I
Is there a word that can describe
Falling in love just overnight

I believe in miracles
Let's get together again
Anything is possible
Let's get together again
Let's get together again
Let's get together again

So baby hear when I say
I've been a million miles
Lonely hungry and cold searching for the golden prize
Now you're finally here and I can feel the fire

It's burning strong inside my soul
And I'm never gonna let you go

I believe in miracles
Let's get together again
Anything is possible
Let's get together again
Let's get together again
Let's get together again

Just like in a movie it was love at first sight
It's the perfect scene and the sweetest dream
I've waited for all my life
Let's go to the highest mountain and shout it to the world
Never give up because there's something waiting somewhere

I believe in miracles
Let's get together again
Anything is possible
Let's get together again
Let's get together again
Let's get together again

I believe in miracles
Never give up don't you never ever
Anything is possible
Never give up because there's something waiting
